RDSSF / DTU Press Release

R. D. Sethna Scholarship Fund and The Technical University of Denmark (DTU) share an interest in strengthening bilateral cooperation in the field of higher education between India and Denmark and promote stronger ties between the two Institutions.

To achieve this objective, R. D. Sethna Scholarship Fund and DTU have entered into a Memorandum of Understanding. This is perhaps the first joint venture programme in India between the two Institutions to help students achieve their scholastic pursuits.

Students who will be admitted to the Under-graduate degree [Bachelor of Science \(BSc\) in General Engineering \(dtu.dk\)](#) or Master degree program [Graduate - Master of Science in Engineering programmes \(dtu.dk\)](#) at DTU will be eligible to apply for a loan scholarship from R. D. Sethna Scholarship Fund.

R. D. Sethna Scholarship Fund conducts one of India's oldest and well-respected loan scholarship programmes, assisting outstanding and deserving Indian students of all communities.

The R. D. Sethna Scholarships are investments in young Indian citizens, to empower the pursuit of their academic interests and careers. The loan scholarships are granted on the basis of meritorious performance, to facilitate payment of tuition fees, academic material and related expenses for enhancing the education experience.

Students interested in pursuing under-graduate and Masters studies at DTU can contact:

Technical University of Denmark (DTU), Website: [Technical University of Denmark - DTU](#)
